## School and College Printing

A modern, up-to-date Printing establishment, with the latest styles in Types, Borders, Ornaments, and EXPERT minds and fingers to arrange them, in conjunction with the best machinery obtainable, is not to be found on every corner, nor in every town. We state a very evident fact when we say that our work is the standard for all this section. We hold an acknowledged position—one that has been won only after years of diligent, systematic striving. It always gives us great pleasure to maintain and substantiate our position; so, if you need a Visiting Card, Invitation (engraved or printed), Program, School Journal or Annual (plain or illustrated), a plain Dodger, or an up-to-date Poster, we can interest you, we're sure.

## A DISGUSTING SCENE.

One of the most disgusting scenes one is ever called upon to witness was enacted on Jefferson street yesterday evening in front of St. Clair Bros.' store. A white woman became intoxicated on Railroad avenue and was arrested. She was being taken by the policemen to the jail and was going along very quietly until they reached St. Clair Bros., where a crowd of people were standing. There she became very violent, swearing at everybody and everything. The police tried to take her on, but she refused to move. She was then put in a wagon that happened to be standing there, and such oaths, yells, etc., as she emitted are seldom ever heard. She was finally gotten to the station and locked up.
